### SECTORAL DIALOGUE COMMITTEE ROAD TRANSPORT

#### **Working group meeting 8 July 2010**

#### **Concise minutes**

The meeting was chaired by Mr Causse (employers), chairman of the committee.

#### **Discussion of the draft social partners' joint statement on the review of the digital tachograph regulation**

The discussion took place on the basis of a draft joint text (17 June, layout changed on 22 June 2010) which had beforehand been negotiated amongst the secretariats. Therefore, the participants agreed to only indicate those sections which might be a problem.

ETF informed IRU that after the exchange amongst secretariats, ETF had consulted their members (steering committee of the ETF road section yesterday). Following this exchange, ETF asked to change some wording.

The parties made small changes in section 1 and 2. ETF agreed with sections 3, 4 and 8. Some changes were also made on section 6.

An extensive discussion followed over section 7 (mobile controls), which was eventually concluded by the decision to delete this section.

#### **Any other business**

No time was left to discuss other aspects (driver training project of preparation of the plenary meeting).
