The Reporting Process

- **Until September 2009: revised text guidance & translation**
- **Autumn-Winter 2009: awareness campaign, workshops, training, invitation chains, online system update**
- **15 January – 15 February 2010: Reporting of sites**
- **February/mid-April 2010: Quality check of the reporting process by national and EU federations**
- **22 June 2010: NEPSI Council**

2010 Targets

- 1. Involving more sites**
- 2. Having more reported sites**
- 3. Improving KPIs for:**
 - Risk assessment**
 - Health surveillance for silicosis**
 - Training**

NEPSI Preliminary Result Trends

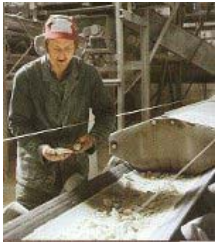

- **More sites invited to the process**

- **More sites reported:**

- **Good involvement despite a difficult economic context**

- **Ratio between the invited sites /received answers is lower than in 2008**

→ **should not hide the fact that many more sites reported.**

- **More Employees covered by the Agreement despite the economic crisis**
