

European Sector Skills Council for the Audiovisual and Live Performance Sectors

SSDC – Live Performance
Brussels, 13 January 2015

European Sector Skills Council for the Audiovisual and Live Performance Sectors

- Work plan developed on the basis of the conclusions of the feasibility study (2012)
- Phase 1: November 2014 – May 2016 (18 months)
- Piloted by European social partners
- 8 national sector skills councils from 4 countries invited to steering committee (France, United Kingdom, the Netherlands and Belgium)
- Co-financed by EC (PROGRESS programme, DG Employment)
- *2 existing EU councils (textile/clothing/leather, commerce), 2 new ones (shipbuilding, automotive)*

Objectives and governance

- ***Collecting available information*** at EU and national levels on employment in the audiovisual and live performance sectors and the evolution of skills needs
- Developing the awareness as well as local/national/European initiatives for vocational education/continuous training in the audiovisual and live performance sectors
- During phase 1: ***informal initiative*** piloted by a steering committee composed of EU social partners and national skills organisations
- Key outputs (reports and recommendations) adopted during Council meetings to be attended by representatives from at least 13 EU countries

Key Council's activities

- **3 Council meetings** in Tallinn, Estonia (April 2015), Prague, Czech Republic (September 2015) and Madrid, Spain (December 2015)
- **2 Capacity-building workshops** in Prague and Madrid following the respective Council meetings
- **1 European conference** to present the results of phase 1 (Brussels, Spring 2016)
- Communication activities: **website**, newsletters, leaflet, etc.
- At least 5 steering committee meetings to prepare the key events and outputs

Key Council's outputs

- **3 thematic reports:**
 - 1) on the employment situation in the sectors including forecasts and trends;
 - 2) on the qualitative evolution of skills and focusing on the evolution of occupations;
 - 3) on innovative tools, strategies, and methods put in place at national level to monitor skills needs
- **Conclusions** of the 2 capacity-building workshops
- **Recommendations** to the different stakeholders at national and EU levels
- **Proposal of a work plan 2016-2018** for the the European Sector Skills Council (phase 2)

Inception phase (Nov 2014 – March 2015)

- Update information of feasibility study
- Consultation meetings in FR, UK, BE, NL in preparation to first steering committee (14 January)
- Preparations for report 1 (employment situation)
- Contacts with existing EU skills councils in other sectors
- Contacts with European education/training organisations

Question

- Any organisation/initiative in your country that should be involved? Any developments at national level we should be aware of?

Thank you!
