

# Updating of Floods Directive (2007/60/EC) Reporting

**CIS Working Group Floods Sub-Group on Reporting  
Initial meeting  
31 January 2017**

**Dagmar Behrendt Kaljarikova**

**Objective:** following the implementation of the 1<sup>st</sup> cycle of FD and lessons learnt throughout the process, the Commission envisages an update of the FD reporting tools for the purpose of the next reporting cycle:

- PFRAs/APSFRs by March 2019
- FHRMs by March 2020
- FRMPs by March 2022

**Key outcomes:**

- Updated CIS Guidance document, replacing the existing Guidance document No. 29
- Updated electronic schemas
- Updated specifications for automatic quality assurance routines

The Commission envisages the following key meetings in 2017 to agree with Member States the updated Floods Directive reporting guidance and tools:
