Data supply to ELSTAT is provided in article 2, par. 3 of Law 3832/2010. The data provided to ELSTAT are used exclusively for statistical purposes and their CONFIDENTIALITY is kept. ELSTAT uses the personal data collected with the survey questionnaire for reasons related exclusively to its conduct and the production of relevant statistics (Article 6, paragraph 1 (c) and (e) of Regulation (EU) 2016 / 679 and Law 4624/2019). The management of this data by ELSTAT may include its communication with their subject in the context of the correct completion of the questionnaire.

A LOCALIZATION OF HOUSEHOLD

A1. Household status from the previous wave

- Household at the same address as last interview.
(At least one sample person resides in the same address as last interview. Sample persons are considered all household members aged 14 years and over when selecting the sample.) ☐ 1→ Continue with B and C

- Entire household moved to another private dwelling within the country
(No sample person resides in the address of the previous wave, but communication with the household in the new address is possible) ☐ 2→ Complete the new address

New address

B. LOCALIZATION OF THE DWELLING

FOR THE INTERVIEWER::

With the information you have from the Catalog of households to be searched - address (area, street, number) and name of the person in charge - you will try to locate the residence of the household to be searched and then you will give the appropriate answer to the questions follow

B1. Dwelling was located:

- The dwelling in the particular address was located and the contact with the household who lives in, is possible.....
The answer is independent of the effect that communication with the household has, ie it does not matter if the household refuses to participate in the survey, is temporarily absent or unable to participate for health reasons, etc. The research household is considered to be: (a) for households surveyed for the first time (rotation 1), the household which, at the time of the survey, resides in the residence, regardless List (if it is, that is, another household), (b) for the households surveyed in the previous wave, the specific household sought; and (c) for subsidiary households, the household created by the member or members moved / if.

☐ ☐ 11

B2. No contact made due:

- Address cannot be located στοιχεία (area, street, number etc).....
- Unable to access address due to flood, snow, etc).....
- The building has been demolished, the specific place has been professionally used (office, store, etc. secondary residence, unoccupied (e.g. due to death of residents etc.).....
