About the contents

This document shows the questions that are asked in 2022 in the Living Conditions Surveys. The content concerns interview year 1 and consists partly of questions included in the EU-survey Statistics on Income and Living Conditions (SILC), and partly of national questions. Interviewing instructions are provided for certain questions, with the purpose of clarifying the questions. The questions in this document are for telephone interviews only. From 2022 onwards, it will also be possible answer the questions via a web survey.

About variable names

Each question in this document has a variable name, such as START1, which is the variable name of the first question. The variables in SILC are listed and described in Microdata documentation (MetaPlus), which is found on SCB's website, [Microdata documentation – www.scb.se](http://www.scb.se/microdata). The variable names used in the form, and listed in this document, are not always exactly the same as those used in the final observation register. MetaPlus contains variable names used in the final observation register.

Text explanations

SP = sample person.

IVE = interviewer.

Direct interview = interview with the sample person (SP), with or without an interpreter.

IF DIRECT=1 or START1=1, it indicates direct interview.

Indirect interview = interview with somebody who knows the SP well, in situations where the SP, for instance due to illness, cannot answer in person.

IF DIRECT=0 or START1= (2, 3), it indicates indirect interview.

Explanation of text colouring

Grey text = text that is adapted to the situation, for example “you” if a direct interview and “he” or “she” if an indirect interview.

Other explanations

Response options written in upper-case letters (capitalised) are not read out. Response options written in lower-case letters (not capitalised) form part of the wording of the question and are read out to the interviewee.

Question text in parentheses is text that the interviewer does not need to read out. The occasional wording in parentheses that appears in the form is there to create, as far as possible, a standardised way of formulating the question even in situations where the interviewer considers that more information needs to be read out.

Introduction

START1 **TO THE INTERVIEWER: SELECT WHO IS ANSWERING THE QUESTIONS**

- 1 THE SAMPLE PERSON (in person or through an interpreter)
- 2 ANOTHER PERSON BELONGING TO THE SAMPLE PERSON'S HOUSEHOLD
- 3 ANOTHER PERSON NOT BELONGING TO THE SAMPLE PERSON'S HOUSEHOLD

Instruction for the interviewer: 'Household' here refers to what the interviewee considers to be a household. When identifying the household – after having been told what we mean by household in this survey – the interviewee can consider that he/she does not belong to the sample person's housekeeping unit because they do not have joint finances. This does not affect the answer to this question.

START2 *If START1=2 or 3:*
What is the reason for why NAME cannot respond in person?

- 1 PHYSICAL OR PSYCHOLOGICAL REASONS
 - 2 IS TEMPORARILY ABROAD (0–6 MONTHS)
 - 3 IS TEMPORARILY ABROAD (has been away from Sweden for longer than 6 months) (THE INTERVIEW IS ENDED)
 - 4 DECEASED (THE INTERVIEW IS ENDED)
 - 5 OTHER REASON
-

START3 IF START2=3: **Since NAME has been abroad for more than 6 months, no interview should be conducted.**
IF START2=4: **Since NAME is deceased, no interview should be conducted.**
IF START2=3 OR 4: **Thank you for your time.**

END THE INTERVIEW AND ENTER THE RESULT CODE FOR OVERCOVERAGE.

START4 IF DIRECT=1:
So, first of all I would like to make sure that I am interviewing the right person. Were you born on DAY MONTH YEAR?

IF DIRECT=0:
Before we proceed, I would just like to remind you that the questions concern NAME.

1 IF DIRECT=1: Right person IF DIRECT=0: Understands how to respond

IF DIRECT=1: Not the right person ---> end the interview
OM DIREKT=0: Does not understand how to respond ---> end the interview

ULFKINTRO I'm going to ask questions about some different areas, such as leisure, work, health and housing. The interview takes about 25 minutes.

If at any time you feel that you wish to break off the call, let me know and I will book a new time when I or a colleague can call you again to continue the interview.

Well-being & national core part 1 (FT, SO, TR, MA), incl. SILC module

PW010T *If direct interview, i.e. if START1=1:*
We'll start with a question about how you rate your life on the whole.
On a scale of 0 to 10, how satisfied are you on the whole with your life these days?
0 means not at all satisfied, and 10 means that you are completely satisfied.

0 = NOT AT ALL SATISFIED 1 2 3 4 5 6 7 8 9 10 = COMPLETELY SATISFIED
