STATISTICS ON INCOME AND LIVING CONDITIONS 2022

STATIC TEXT

Confidential - Only for statistical research purposes

According to Law no. 226/2009 on the organization and functioning of official statistics in Romania, which states:

- "This law applies to all legal and natural persons resident in Romania, as well as to non-residents, which render on the Romanian territory services".*
- "Data providers are obliged to transmit, free of charge, to the producers of official statistics correct, current and complete data, at the deadlines, periodicities, in the form and according to the collection method provided in the annual national statistical program and in accordance with methodological norms".*

The data processing is carried out in compliance with the provisions of Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data.

The statistical survey is carried out in accordance with Regulation (EU) 2019/1700 of the European Parliament and of the Council of 10 October 2019 establishing a common framework for European statistics relating to persons and households, based on data at individual level collected from samples.

APPENDIX C — INSTRUCTIONS

[1] BUN: 16. Which of the following durable goods are in your household?

Se înregistrează doar bunurile în stare de funcționare în perioada interviului, chiar dacă ele nu sunt folosite în mod curent de către gospodărie.
Vă rugăm să bifăți cu Da/Nu fiecare variantă în parte.

[2] ALCO: 24. In the last 12 months, how often have you had an alcoholic drink of any kind?

The term alcoholic beverages refers to all beverages containing alcohol (more precisely ethanol), regardless of their type (beer, wine, spirits, etc.) or the quantity consumed. Alcoholic beverages produced at home are also included.

[3] DVOL: 26. Do you have difficulty seeing even if wearing glasses?

The variable assesses functional vision limitations of any kind even when wearing glasses (if the respondent wears glasses), i.e. to assess the respondent's functioning visual capacity, whatever the reasons for the limitations (born with them, disease, accident, ageing, etc.).

[4] DAAP: 29. Do you have difficulty hearing, even if using a hearing aid(s)?

The variable assesses functional hearing limitations of any kind even if using a hearing aid (if they wear a hearing aid), i.e. to assess a person's functioning hearing capacity whatever the reasons for the limitations (born with them, disease, accident, ageing, et.).

[5] DMJU: 31. Do you have difficulty walking or climbing steps?

The variable assesses functional limitations in getting around on foot, i.e. to assess the respondent's functioning mobility whatever the reasons for the limitations. There may be a variety of reasons: health conditions or impairments (spinal cord injuries, chronic diseases such as rheumatoid arthritis, as well as amputations or malformations), balance problems or vertigo. The variable refers to the degree of difficulty the respondent has walking or climbing steps.

[6] DMCO: 32. Do you have difficulty remembering or concentrating?

Remembering: refers to a person's using their memory capacity in order to recall what has happened around them. This means bringing to mind or thinking again about something that has taken place in the recent or distant past. In the case of young people, remembering is often associated with storing facts learned at school and being able to recall them when needed. Concentrating: refers to a person's using their mental ability to accomplish a task such as reading, calculating numbers or learning something. It involves focusing on the task at hand in order to complete it. It is the act of giving one's full attention to one subject or focusing without distraction on one thing. The variable assesses functional memory and concentration limitations, i.e. the respondent's functioning cognitive capacity whatever the reasons for the limitations (born with them, disease, accident, ageing, etc.). The concept of the variable refers to their degree of difficulty remembering or concentrating.

[7] AF1: 69.1. How often do/are you usually get together with your family (relatives)?

Getting together: spending time with relatives at home or elsewhere. It can be talking or doing activities together. Meeting by chance is not considered 'getting together'. If the respondent gets together with many different relatives at various times, all meetings should be counted. Family (relatives) should be understood in its widest sense. It includes father/mother/children, siblings, grandparents, aunts, uncles, cousins, nephews, nieces, families-in-law etc.

[8] AF3: 69.3. How often do you usually contact your family (relatives) (by telephone, sms, letter, fax, online etc.)?

Prin contact se înțelege petrecerea timpului la telefon, sms, scrisori, internet (email, Skype, Facebook, WhatsApp). Contact can be made by telephone, sms, letter, fax, internet (email, Skype, Facebook, FaceTime or other social networks and other online communication tools). Only relatives who don't live in the same household as the respondent should be considered.

[9] AC2: 70.2. Over the last 12 months, did you volunteer by helping other people or animals or taking up other informal activities that were not arranged by any organisation?

This includes activities such as: - helping other people, including family members not living in the same household (e.g. cooking for others; taking care of people in hospitals/at home; taking people for a walk or to do their shopping) - helping animals (e.g. taking care of homeless or wild animals) - other informal voluntary activities such as cleaning a beach or a forest etc.

[10] VBAS: 102.1. EMPLOYEE CASH OR NEAR CASH INCOME

Income from salary activities includes: - Cash income from wages: payment of overtime, driving allowance, 13th salary, bonuses and other benefits; - The value of the products and services: meal vouchers, holiday vouchers, transport or fuel settlement, rent for work accommodation, etc.; - Compensation for temporary incapacity for work: medical leave granted during the period in which the person is temporarily incapacitated for work due to an accident at work or due to an occupational disease; - Maternity allowance: medical leave granted to a pregnant woman or to a woman in the first six to eight weeks after giving birth (lauza woman) and totals 126 calendar days. - Compensatory payments: granted to employees laid off through collective redundancies.
