## NOTE FOR THE ATTENTION OF MEMBERS OF CIRCABC GROUP “CEREALS - RICE - PROCESSED PRODUCTS”

### Publication of TRQ allocation results on CIRCABC

Article 10(2) of Implementing Regulation (EU) 2020/761 requires the Commission to publish the allocation coefficient for each tariff quota online. In compliance with this Article, the official data on the allocation coefficient for all import tariff quotas (TRQs) managed by DG AGRI are published and can be consulted in pdf at the following link: <https://agridata.ec.europa.eu/reports/Allocation%20Coefficients%20TRQs-Import.pdf>

The pdf file containing these data is updated every month and contains information on all TRQs in different languages. It can be easily navigated by using the “Table of contents” button (marked with the green arrow in the screenshot below).

At the same time, we would like to invite you to also consult the data in the Qlick Sense application, available in AGRI Data Portal. The same data as in the .pdf file are available quickly, completely, and dynamically. You can find it via the following link: <https://agridata.ec.europa.eu/extensions/DataPortal/trade.html>

#### Tariff rate quotas (TRQs)

PDF files reporting on import and export TRQs allocation.

**Imports** - A large multi-lingual PDF file reporting on import quota allocation per “order number”, including allocation coefficients to be applied for the issuing of import licences.

“Automatic suspension” indicates the suspension of the reference quantity requirement in accordance with [Article 9\(8\) of Delegated Regulation \(EU\) 2020/760](#).

“Manual suspension” indicates the suspension of the reference quantity requirement based on [Article 9\(9\) of Delegated Regulation \(EU\) 2020/760](#).

**Exports** - A PDF file reporting on export quota allocation for Milk and Milk products.

Given the public availability of these data and to encourage the use of these official publications by all relevant stakeholders, DG AGRI will not publish anymore on CIRCABC the tables with the allocation coefficients divided by sector.
