

CONvErGE – A major investment enabling Connected eGovernment

EPSAS WORKING GROUP

November 2017

Michael Zammit Munro
Treasury Department

Operational Programme I – European Structural and Investment Funds 2014-2020
“Fostering a competitive and sustainable economy to meet our challenges”
Project part-financed by the European Regional Development Fund
Co-financing rate: 80% European Union; 20% National Funds

ERDF Part Financed Project

Priority Axis 2 – 
*Consolidating
Investment
within the ICT
sector* 

Investment Priority 2c
– *Strengthening ICT
application for e-
government etc.*

Specific objective SO2 –
*Consolidating and
further developing the
provision of e-
government services
for G2C, G2B and G2G*

Aim of CONvErGE (Connected eGovernment)

To create and bring together several Information Technology (IT) service applications under one umbrella.

Government's aim:

Strengthening
Public Services
through
development of
ICT Systems

Consolidation of
digital capacity =
enhanced
efficiency in
health, finance,
public service etc.

Development of e-service applications:

- *Government-to-Government*
- *Government-to-Business*
- *Government-to-Citizen*

Development of new technology infrastructure contributing to 4 drivers:

- *Once-only principle*
- *Digital by default*
- *One-stop-shop*
- *Data-at-source*

Parties in Project:

- Ministry for Competitiveness and Digital, Maritime and Services Economy (MCDMS): responsible for ICT
- MITA: responsible for infrastructure required to sustain the new eService Applications created by CONvErGE
- Other Ministries: joint partners of the project, owning their specific part.

The 4 major CONvErGE projects:

- Corporate Financial Management Solution (CFMS)
- eHealth Services
- Digital Tourism Platform
- eDisaster Management System

Background

The focus will be on these stakeholders:

Public Sector

***International
Community***

Public at Large

Public Sector

- ✓ Better quality and more transparent information
- ✓ Use of financial statements for financial, fiscal, social and economic management
- ✓ Higher level of financial control
- ✓ Improve Government's accountability to Parliament and taxpayers

Public at Large

- ✓ Access to more accurate and meaningful information in a timely manner
- ✓ Use of e-Government services
- ✓ Business-to-Business technology
- ✓ E-trader concept

International Community

- ✓ Enhanced reporting structures:
provision of information to meet both
local and international requirements

Project Costs funded by CONvErGE:

- Contractor's costs
- Programme Management
- Consultancy
- Implementation Support Services
- Training Programmes
- Quality Assurance Services

Software:

- Unit4 Business World ERP Solution
- Developed by Unit4, a software company with special focus on professional services, education, public services, and not-for-profit sectors

CFMS Implementation:

- CFMS Implementation Board: oversees the implementation.
- CFMS Implementation Team: run by the Treasury, responsible for the implementation
- MITA: ICT value added services

Three Phased Implementation

- Phase 1: Implementation of core modules in Pilot Sites
- Phase 2: Implementation of core modules in Remaining Sites
- Phase 3: Implementation of other modules

THANK YOU
