Insurance Sectoral Social Dialogue Committee (ISSDC)

Work programme 2013-2014

1. The demographic challenge in the insurance sector: follow-up initiatives to the 2012 ISSDC project

- 1.1 Exchange of further good practices at national, sectoral and company level, including initiatives focusing on intergenerational solidarity and life-long career plans
- 1.2 Update of the ISSDC booklet "Combating the demographic challenge in the insurance sector. A selection of initiatives in Europe", 2012
- 1.3 Mapping exercise on developments at sectoral and company level across the EU since the adoption of the ISSDC joint statement in January 2010

2. Telework

- 2.1 Exchange of good practices at national, sectoral and company level
- 2.2 Exchange of views between the social partners and discussion on a possible joint statement or any other relevant initiatives

3. Relevant regulatory developments at EU level

- 3.1 Where relevant and appropriate, exchange of views on the social and employment aspects of the EU legislative proposals as well as their impact, and consideration of joint initiatives. Such an exchange may concern, for instance, lifelong career planning, inter-generational solidarity and knowledge transfer and developments related to gender imbalance.
