  - Physical security
  - IT security
- Install the tools
- Configure the roles
- Train the users
- Ways of working and use in practice
- Interaction with other IT systems

**1 September 2013 is almost tomorrow -  
limited time remaining to be ready**

# Supporting the MSCAs to get IT-ready for 1 September 2013

- **Facilitating the IT preparation in the MSCAs**
  - Identification of contact points
  - Support for the preparation and deployment
  - Suggesting the preparatory steps to be taken to use the IT systems in the most effective way
  - Training plan
  - Coordinating the internal ECHA services in their interaction with the MSCAs
  - Timekeeper and “motivator”: being ready is a common objective
- **Single ECHA entry point for IT support**
  - Ms Charis Vezyridou and Ms Henna Piha
  - [BiocidesMSCA-ITSupport@echa.europa.eu](mailto:BiocidesMSCA-ITSupport@echa.europa.eu)
- **Hotline at go-live**

## ECHA rollout support team

- **First tasks**

“Know your users to provide good service”

Every CA will be contacted in the next days

- **Identification of contact points:**

- Security
- IT deployment
- Integration and use

- **Security requirements: identifying potential compliance issues**

- Proactive contacts by ECHA by end of May
- Feedback to ECHA MB June 2013 meeting

- **Training**

e.g. IUCLID 5.5 webinar on 14 June 2013
