

# Online Risk Assessment (ORA)

Presentation of the testing phase of the  
project (the pilots)

<http://osha.europa.eu>

## Pilots - Aim

<http://osha.europa.eu>

- **Test the tool (software)**
- **Test the content management system**
- **Test the guides intended for the developers**
- **Assess the needs in terms of training, help-desk,...**
- **Test the diffusion model**
- **Gather the proposals, comments, ... made by the organisations involved in the pilots.**

# Macro deadlines

<http://osha.europa.eu>

- **Mid April: welcome package ready in EN, FR, NL**
- **End April/beginning May: First meeting with the pilots (PPTs presentations, presentation of the work plan, importance of involving the key people from the beginning, ...)**
- **End September- October: content is ready in the template and is uploaded by EU-OSHA onto the CMS**
- **End September: Second (middle) meeting – companies (end users) are invited to check the sectorial tool drafted by the developers – in this occasion we introduce the CMS**
- **December: Third (last) meeting to discuss/assess the process, challenges, difficulties, quality of the documentation, needs to be met, .....**
- **December: final sectorial tools are ready.**

# Welcome package for the pilots

<http://osha.europa.eu>

- **'Social partners at work' guide**
- **Agreement between partner and EU-OSHA**
- **Work-plan (processes and steps for the pilot partner)**
- **Flash presentation**
- **Garage holders tool → as a demo**
- **Generic tool → meant to support the developers**
- **Guide on how to conceive a digital risk assessment tool (explaining the approach and the architecture of the OiRA CMS, what is the audience, what language should be used, etc)**
- **Template in which developers will insert the content of the sectorial tool**
- **Manuals (with screenshot) on how to use the OiRA CMS**

# Pilots – Organisations involved

<http://osha.europa.eu>

- **France – INRS**
- **France – ANACT**
- **Cyprus – National Authority**
- **Social Partners – Belgium – Generic in French and Dutch (to be confirmed)**
- **EU Construction sector –(to be confirmed)**
- **Second EU sector – Woodworking sector (to be confirmed)**
- **Germany – BAUA (to be confirmed)**

## End-user tool

<http://osha.europa.eu>

<http://ora.osha.europa.eu/client/gb/>

- login with  
oira@osha.europa.eu  
test (and not Test)
- Select: "/Standard survey"
- Give a name to the session (ej.: partner X  
22.01.2010)
- click on "next" et and fill in the tool
